CFS SA is a shipper corporation engaged in International Transportation and Logistics. Our goal is to provide all necessary means to our clients so their shipments can be sent and received the best possible way. That is why we offer a fast solution to this process accessible via air and sea for all domestic and international shipments. The main goal is to provide excellent Customer Service support through our high qualified personnel skilled with a wide knowledge in the global freight business.

CUSTOMS OFFICE (CUSTOMS SERVICES)

It is hard to provide a comprehensive global service with a specialized department in all different Customs' areas. That is why CFS has its Customs Department supervised by high-qualified personnel with a wide knowledge in all government's regulations to be applied. Their job is to declare, classify and obtain all documentation required by the government. Our system is closely linked to Customs, banks and ports allowing us a fast processing of all permits required for the exportation and expediting of the shipment of all cargoes.

- **Control/Admission to the document's system.**
- **Electronic transfer of data to local Customs.**
- **Electronic data update with shipping details.**
- **Reduce of time by pre-clearance through the electronic process of all invoices and rates (reducing processes times, increasing reliability and lowering costs).**
